

AQUA MAKER

PVC COOLING SYSTEM

INTERIOR WATER TANK

System has got own water tank. **No need** to buy extra water tank. It keeps **36 lt** water inside the system.

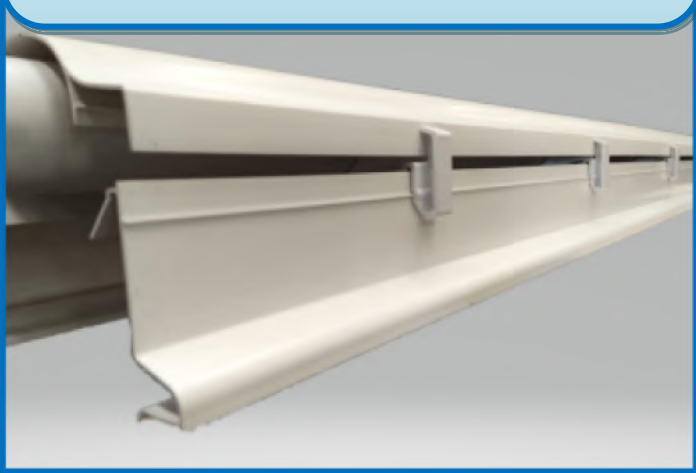

SUPPORT LEGS (Stainless Steel)

They are used for installing the system on / to the wall. They are rustproof.

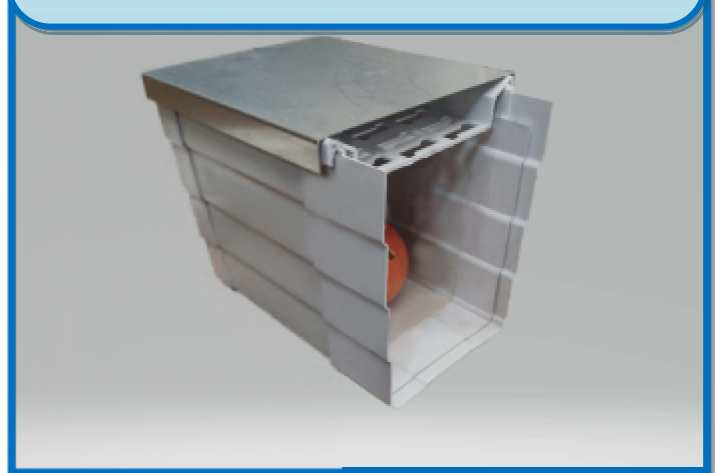

UPPER CAP & SIDE LINES

It is completely closed. They are sun-light resisting. Any birds or rats cannot go inside the house.

SPECIAL FLOATING UNIT

When the water level into the system decreases, it fills the water into the system automatically.
